It 'rained fish' in Agusan del Sur

By ARNOLD PUNZAL

MANILA CITY — A bizarre weather phenomenon occurred in Agusan del Sur, Philippines, where it "rained fish" for several days.

The phenomenon is believed to be a result of a combination of factors, including the presence of a low-pressure system and the presence of a large number of fish in the area.

Link between PPI use and C. difficile strengthened

Use of proton pump inhibitors appears to increase the risk of an infection caused by *Clostridium difficile* and may even lead to a more severe infection, according to two clinical studies reported in the Archives of Internal Medicine.

In the first study, PPI use increased the risk of *C. difficile* infection by 1.5 times compared with no use. The second study found a dose-response effect between increasing levels of acid suppression therapy and increasing risk of *C. difficile* infection.

Proton pump inhibitors are commonly prescribed to patients with gastroesophageal reflux disease (GERD) and other conditions. They work by reducing the production of stomach acid.

In the first study, researchers found that patients who took PPIs for 30 days or longer had a 1.5-fold higher risk of *C. difficile* infection compared with those who did not take PPIs.

The second study found that patients who took PPIs for 30 days or longer had a 1.5-fold higher risk of *C. difficile* infection compared with those who did not take PPIs.

Italian cruise ship runs aground; 6 dead

ROME (AP) — Six people died and four more enduring injuries after a large Italian cruise ship with more than 4,000 people on board ran aground and beached over 600 on Italian island, sparking chaos as passengers scrambled to get off.

The Costa Concordia ran up a steep beach on the Mediterranean where it apparently hit a rock near the hotel-dock complex. Most of passengers were still sleeping when the ship ran aground, leaving them in a panic.

Four more bodies were found on the beach, but no apparent bodies were found on the ship. I don't know how this could happen. The ship is built "Steel Pantheon," a very strong, constructed by Italian built on a ship.

Taiwan goes to polls as China, US look on

TAIPEI (APF) — Taiwan is set for a tight presidential election scheduled to decide who will inherit the island nation's reins. China for the first time may have a say in the outcome, as it is expected to support the incumbent president, Ma Ying-jeou.

Incumbent Ma Ying-jeou, who has served the post of president since 2008, is expected to win re-election in the March 22 polls, but he faces stiff competition from his closest rival, the opposition's presidential candidate, Tsai Ing-wen, leading to a tight race.

Ma's support is expected to be strong in the south, but he faces a strong challenge in the north, where Tsai Ing-wen is expected to win.

Beijing and Washington are watching closely as the two candidates vie for the presidency. The United States has long been a strong ally of Taiwan, and the Obama administration has been vocal in its support of the island nation's democracy.

Tita Duran dual role in Bella Filipina

When the American era and effort of the film industry and Tita Duran, then Sampaguita Pictures contract artist, blossomed in the mid '30s, they co-starred in Bella Filipina, directed by Gerardo de Leon and produced by People's Pictures and released through Pioneer Studios.

A love story with a twist of fantasy, Bella Filipina featured Tita in a dual role, her onscreen role and a whole-hearted woman. Either way, she was truly a Bella Filipina (Beautiful Filipino).

Bella Filipina was followed by the same partnership by another De Leon-directed film, 36 and 1/2, a special added attraction was shown after the main feature. Tita and Francisco Bernal starred in four feature films and each in full the new dawn cinema.

Without a doubt, the new antiretroviral regimen offers significant benefits to existing patients, or, in particular, to women. While the findings from trials are still to come, *Atripla* has numerous advantages over other regimens, which include: ease of use, limited side effects, and the fact that it is a single-tablet regimen. Dr. Hiram J. Smith

Who is my brother?

I pray also for those who will believe in me through their message, that all of them may be one. Father, just as you are in my and I am in you.

(John 17:21-22)

One particularly vivid verse in the Gospel according to John is that of Jesus praying to the Father in the Garden of Gethsemane. The Father of Jesus was a place where a whole people gathered the most pure from the grapes, in place of individual. This was where Jesus and the disciples could come and pray without interruption.

In the prayer recorded in John 17, Jesus focuses on the Church, His body. Jesus said: "I have given them your word and the world has hated them, for they are not of the world any more than I am of the world." He added, "My prayer is not that you take them out of the world but that you protect them from the evil one." Jesus then prayed that they might be one, even as He and the Father were one.

Who is my brother? Brothers and sisters have a common heritage. In the household of faith, this means we are born again of the Spirit of God, recognizing Jesus Christ as Lord and the Savior of the world. We know that by grace through faith we have received the gift of eternal life and that it is by the grace of God that we come to Christ and were adopted into His family.

Though yet born in the flesh, that when the law of regeneration flows, the children that have been in our backgrounds - and, yes, children - are converted, and we find a freedom to laugh, to cry, to pray, to rejoice, and to praise the Father in ways we have never before known.

I will sing of the Lord's great love forever; with my mouth I will make your faithfulness known through all generations. I will declare that your love stands firm forever that you established your faithfulness in heaven itself. You said, 'I have made a covenant with my chosen one. I have sworn to David my servant, I will establish your line forever and make your throne firm through all generations.' The heavens praise your wonders, O Lord, your faithfulness too, in the assembly of the holy ones. For who in the skies above can compare with the Lord? Who is like the Lord among the heavenly beings?

The Year of the Dragon

By JIM FRANCOIS

STRIKE UP THE BAND, GET THE DRAGON DANCE rolling and start the revelry. The Water Dragon has finally returned

It is in good reason that astrologers have been waiting for the Year of the Water Dragon with much anticipation. This year's element, Water, is in harmony with the Dragon's fluid element. Wood, reminding it and allowing it to bring countless opportunities for growth and expansion. For the past 17 years, the third elements of the actual signs have clashed with the year's elements, thereby bringing destructive consequences. We can now relax and enjoy the benefits of an exciting, fortunate year that will bring luck to most of us.

The Dragon is the symbol of power and good fortune in Chinese astrology. Unlike the other earthly animal signs, it is the only mythical animal and its zodiac sign is considered special. It is a known fact that many Chinese couples all over the world time the birth of their children to coincide with the Year of the Dragon. Characterized as vibrant, dynamic, colorful and flamboyant, these Dragon leaders will flourish again prominently in our lives this year. We can expect 2012 to be an ordinary year. It will be an exciting and action-driven period marked by major initiatives and progress.

General Prospects for 2012

The Year of the Dragon is known to bring the Five Blessings of the East - wealth, virtue, harmony and longevity. Opportunities will abound throughout the year and they must be seized as they come. As the Chinese say, "Seize it or lose it."

But together with the great developments and events that we expect this year, there will also be major missteps and failures for those who do not align well with the elements. During the past Dragon years, we saw major global, political and scientific events take place. In 1980, young Queen Elizabeth ascended to the British throne and this year marks her fifth year in her reign at the United Kingdom. In the same year the United States introduced two of the most destructive weapons in history - the hydrogen bomb and the B-42 bomber.

It was also during Dragon years that Abdel Nasser took power in Egypt by overthrowing the monarchy. Fidelio Khrushchev of Russia was ousted and replaced by

Leonid Brezhnev, and Hsiao Shih-chang thrust Chiang Kai-shek's Republic of China into the United Nations. The British Salfordshire movement which began in the year of the Dragon inspired the quest for democracy in Eastern Europe. In the state of medicine, penicillin was invented and introduced for the first time and the first successful separation of human twins took place in the 10th Street Hospital in Ohio.

2012 is expected to be no different from other Dragon years in terms of the magnitude of developments and events. In the world of politics, we will see the emergence of new leaders who will inspire change. They will come into power through indirect means or through elections that will be marked by controversies. National leaders will continue to focus on improving the economy and spearheading social transformation.

We also expect many civil organizations to be more vigilant and come to the front with their advocates for human rights, the environment and national identity. People power will continue to wield its influence in world affairs, some leading to political change, others leading to major policy decisions.

In business, there will be bold developments with plenty of opportunities for growth. Major economic incentives will be launched to stimulate investments and industries. Favorable areas for growth like you are agriculture, real estate, building and infrastructure development, transportation, creative industry and information communication technology. As a general practice, starting a new business will be favorable during the Year of the Water Dragon.

The field of science will also see some exciting inventions and discoveries. Astronomers and scientists will be thrilled by a major discovery in the Milky Way that will revolutionize our perception of the universe. However, we will not be spared by major natural catastrophes that have threatened other Dragon years. Some parts of the world will be devastated by major earthquakes, extreme flooding and volcanic eruptions.

On a more positive note, the Year of the Water Dragon will also see well for creative expressions. In the arts, the fields of music, fashion and film will lead in the production of ground-breaking and making-edge works that will leave a mark in the art scene. In the Philippines, independent films will begin to enjoy greater public recognition and box office success.

In general, the Year of the Dragon will be an exciting year, particularly during the second quarter of the year. It will be off to a rough and stormy start during its first month, moving up to a sunnier and memorable year. Under the influence of the Dragon, 2012 will be a young year. Young

water is flowing rather than stagnant, so expect not to live in line with the energy of the Dragon. There will be about, prosperity, growth, economic gain and consumerism. So hang on to your dreams. This year might just give you the opportunity to see them come true.

MABUHAY MEANS 'SARAP!' (DELICIOUS)

By Dina Sta. Maria

THE NAME IS VERY FILIPINO – MABUHAY IS about as Pinoy as you can get – but the food is very Chinese. It's an incongruity that serves its clientele well – and deliciously!

At 10:00 p.m. – and even 11:00 p.m. – guests to welcome the Year of the Dragon and work, the Mabuhay Palace of the Manila Hotel puts on its annual feast for a grand celebration, starting with a countdown that begins at 9:59 p.m. on Monday, Jan. 23, the eve of the Lunar New Year, with the lighting of the dragon eye.

Afterwards, against a backdrop of a colorful fireworks display, Mabuhay Palace executive chef Ben Ring will bring out an array of signature dishes that symbolize good fortune, longevity and prosperity. There will be a special New Year set menu at the Mabuhay Palace from Jan. 19 to 24.

But it isn't only during the New Year celebration that you can enjoy Chef Ben Ring's delicious creations. Chef Ben Ring, executive chef and restaurant manager longshore Tangaroo-Casablanca and also now chef Hoy Zambal work their magic daily at the restaurant, serving up traditional Cantonese cuisine but, as chef Joe explains, "new style, with a different presentation."

The new "new style" sets an edge, as chefs' chefs play around with traditional dishes with not too palatable results. Happily, the restaurant keeps the integrity of the food and instead, all have favorite dishes, breaking their just enough to spring a surprise.

Take, for example, their version of duck's feet soup. Although it may not be politically (environmentally correct) to still be serving the delicacy at its best-taken-off the menu, its more embellishments in Hong Kong and the USA, this is still enjoyed by guests, especially for wedding banquets. Their "Old Beijing Nettleman Shao's Fin Soup" is a fall-flavored broth with the cooked fish, slow cooked in the traditional way but served in individual bowls covered with a light paste shell.

They have a wonderful trio of seafood dishes, starting with baby lobsters with Lard Zuo and Shrimps (also known to be a bit difficult) to eat if

Giving Manila Hotel a personal touch

In the entrance of the Manila Hotel—during his birthday, a Christmas tree greeted guests with festive-themed ornaments and the cheerful beaming of a Santa clanking in its sleigh. Festive arrangements adorned the lobby, lending some more cheer to the bustling layout of the establishment.

These decorations that many would assume are the work of a professional were actually created by one of Manila Hotel's best kept secrets, a young waiter named Rocky "Jesse" Derosa.

Recently new to the hotel, 29-year-old Derosa started work on May 11, 2011, as a banquet waiter. Three months later, Marlene Fabara's executive team asked Jose Tapiares to extend his magic touch when it came to decorations and arrangements. She gave Derosa his big break and he has been under her wing.

"It's my kind job," says Derosa, adding that it is his chance to be creative in such a festive hotel.

Graduating with a degree in Hotel and Restaurant Management in 2009 from Holy Spirit College of Falcón, Derosa was both lucky and talented enough to land out and be chosen for a position up the steps of the Manila Hotel.

Though being away from his family, especially

While he said as part of the service team, Derosa has done decorations and participated in the hotel's buffet and restaurants. During these decorations, he says, that he's a better person he was a chef, which he further found in college when he became part of a catering service under the hotel.

As someone for the Manila Hotel, Derosa has the unique challenge of working and negotiating and materials from the hotel's past Christmas displays. The Christmas tree that he has built, in fact, is actually a big project.

Let's do a FIL-CHINOIS SPREAD

By Lydia G. Castillo

CHINESE NEW YEAR! THIS IS A FEAST celebrated with lots of food on every table. It is the Year of the Dragon, heralding a time of longevity, riches, peace and wisdom. Can we ask for more?

The New Year table is elaborate, steeped in tradition and symbolism, carried through the various types of food served, especially on the first day, Jan. 21 this year, of the 15-day celebration period.

Traditional dishes usually include fish soup being the most ideal, and food - served whole and never cut - symbolizing prosperity. A variety of five meats that include pork, duck and chicken, or five vegetables (fisher is supposed to bring growing wealth) and chow mein or noodles. Oranges and tangerines are the favored fruits, symbolizing gold and wealth.

We thought we'd do a Fil-Chinois menu for the occasion to share an affinity between our two cultures.
